Winter Wholesale Price List

SHENANDOAH NURSERIES
D. S. Lake, President

Shenandoah, Iowa

Angers, France

1921--1922

For Your Information

To those who are not acquainted with our concern, would say that this business was established in 1870 and is still under the same management.

We are located in Southwestern Iowa, fifty miles southeast of Omaha, Nebraska. The soil here is especially adapted to the growing of a general line of nursery stock. The railroad facilities are excellent. We are on the Wabash, Chicago, Burlington and Quincy, and Keokuk and Western railroads; one express company, the American Railway, gives us good service. We take pleasure in showing visitors over our grounds at any time.

TERMS OF SALE

SHIPPING—Parties ordering goods should indicate whether they wish them sent by freight or express, also route. In the absence of these instructions, we forward them to the best of our judgment, but in no case will we assume responsibility after consignment to purchaser. When losses occur by delays or other causes of whatever nature while goods are in transit, make claim **AT ONCE** on the fowarding companies. All shipments travel at the risk and cost of the purchaser.

TERMS—Cash or security before shipment of goods, except with established firms, when, if unknown to us, satisfactory references will be required before goods are forwarded. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

PRICES—Are limited to Winter 1921-1922 and supersede all previous quotations on the stock herein listed and are subject to change without notice.

CAUTION—We accept all orders upon condition that they shall be void should any injury befall stock from drouth, frost, fire, hail storms, or other causes over which we have no control. Also, all imported stock is sold subject to arrival without engagement.

CLAIMS—For any cause will receive consideration only when made within six days after arrival of goods. In no case will we entertain claims made after the goods have been once accepted.

PACKING—Prices contained herein are net; cost of boxing and baling will be added, except on grafts, which are boxed free.

GRADES—We grade carefully; in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern.

CERTIFICATE OF INSPECTION—Will be furnished with each shipment.

GUARANTEE OF GENUINENESS—If any nursery stock, etc., proves untrue to description under which it was sold, we hold ourselves in readiness on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

TREATMENT OF NURSERY STOCK—That has been received during frosty weather. Place the package, **UNOPENED**, in a cool cellar or some such place, that is free from frost, until perfectly thawed. **DO NOT BE IN A HURRY TO OPEN.** Stock can remain in this condition for a week or two if the boxes are covered with moss, sawdust, earth or something to exclude the air. Then they can be unpacked. Treated thus, they will not be injured by freezing.

SHENANDOAH NURSERIES. **SHENANDOAH, IOWA**

D. S. Lake, President.

FRUIT TREE STOCKS AMERICAN GROWN

APPLE SEEDLINGS: We grow our apple seedlings from imported French seed on new ground which has never grown seedlings before and spray frequently during the growing season.

We reserve the privilege of shipping from Shenandoah, Iowa, or from point where grown in Kanssa.

We will have some surplus seedlings at the following points: Rochester, New York; Portland, Oregon, and San Jose, California. Write for box list and prices.

SHENANDOAH NURSERIES, ANGERS, FRANCE

Hippolyte Fermaud, Mgr.
39 Rue Mirabeau

FRENCH GROWN FRUIT TREE STOCKS

We have a complete nursery plant at this place with ample grounds, storage building and packing house. Our equipment and facilities are equal to other leading French Nurseries.

We wish to call special attention to the fact that these goods are sold NET AT SHENANDOAH. We take all the risks of transportation, and pay all charges from France to this place. This is a very important point for customers to remember. Sometimes there is quite a loss in these long shipments, but this does not affect the customer as we open the boxes and grade out the damaged seedlings and guarantee our stock to be in good condition when it is delivered to the forwarding agent at Shenandoah. A government inspector is also stationed at Shenandoah most of the winter and he inspects all imported stock.

Our Mr. Fermaud is in touch with leading Nurserymen in other foreign countries.

	Per 1000
Apple Seedlings, branched roots, 6-10 mm	$16 00
Apple Seedlings, branched roots, 5-6 mm	12 00

1,000 Opata
2000 De Soto
2000 Wyant
2000 Sapa

ROOT GRAFTS

Unless you have experienced help, you will find it cheaper and better to have us do your grafting. We have a large force of expert men, who devote their time during the winter months exclusively to this department. The grafting cellars are located close to our office and no part of our business receives more careful personal attention.

We are prepared to put up grafts of any style or length wanted, and make the price accordingly. We use the best of materials; orchard scions are used extensively and selected hardy seedlings grown by us from the best crab seed that we can procure.

Each order is grafted by itself and packed separately until shipped. They are repacked and inspected several times during the winter so they are in the best of condition at shipping time.

ROOT GRAFTS—(Cont.)

IT IS VERY IMPORTANT THAT ORDERS BE PLACED EARLY. We can then give them closer attention and supply a larger list of varieties than later in the season. Our grafting season begins about the first of January and continues throughout the winter.

Grafts should be planted out early in the spring in well prepared ground. In our own planting we set them about eight inches apart in the row making the row three feet six inches wide. It is very essential that the earth be well pressed about them.

As our grafts are put up in bunches of one hundred, do not order a less amount of any one variety. We will be glad to mail samples upon request.

APPLE AND CRAB PIECE ROOT GRAFTS

Piece root grafts are made by using six inches of scion and three and one-half inches of root. They are tongued together and securely wrapped at the union, with waxed thread, making the entire graft about eight and one-half inches long. This style of graft we use mostly in our own planting.

Will exchange for stock we can use.

50,000 Lots and up (Special prices on application)	Per 1000
5,000 and up	$10 00
1,000 to 5,000	12 00

APPLE AND CRAB WHOLE ROOT GRAFTS ON NO. 1 STRAIGHT SEEDLINGS

This style of graft is made by using about six inches of scion and the entire seedlings making union at the collar and wrapping with waxed thread which holds it firmly until calloused. Many nurserymen prefer to plant this kind of graft, claiming that they get a larger growth owing to the well formed root system.

	Per 1000
5,000 and up	$15 00
1,000 to 5,000	17 00

PEAR GRAFTS

	Per 1000
Piece Root on No. 1 French or Japan Pear Seedlings	$20 00
Whole Root on No. 1 French Branched or Japan Straight Pear Seedlings	30 00

ALL GRAFTS ARE BOXED FREE.
